## COLLEGE ACCESS NETWORK

Florida College Access Network is the heart of a movement to ensure today's students are prepared for tomorrow's jobs.

### About FCAN

Florida College Access Network (FCAN) is Florida's first collaborative network committed to ensuring all Floridians have the opportunity to achieve an education beyond high school and prosper in Florida's dynamic economy.

Our vision for Florida is Goal 2025: For 60% of working-age Floridians to hold a high-quality postsecondary degree or credential by the year 2025.

### Our Mission

Our mission is to create and sustain a statewide network that catalyzes and supports communities to increase college and career preparation, access, and completion for all Florida students.

### Our Work

At FCAN, we accomplish our work in three key ways:

#### Local College Access Networks (LCANs)

LCANs bring together community stakeholders around the shared goal of increasing postsecondary attainment.

#### Research and Data

FCAN serves as a clearinghouse of student-centered data, research, and non-partisan policy analyses.

#### Statewide Initiatives

FCAN currently coordinates three statewide initiatives: Apply Yourself Florida, Florida FAFSA Challenge, and Florida College Decision Day.

# Local College Access Networks

Local college access networks (LCANs) are strategic alliances of leaders and organizations representing K-12, higher education, nonprofits, philanthropy, local government, and business. LCANs work collectively to boost college and career readiness, access, and success for students traditionally underrepresented in higher education.
